

Hi this Dee Vallee from Northern Ca Community Blood Bank.

*FOR COMMUNITY COMMENT*

It is the holiday season and a wonderful time of the year! It is also a very busy time of the year! I want to thank all our loyal donors who have come in so faithfully thru out the year!

Without you we would not have the blood supply we need.

You truly make a difference! It is also the beginning of the cold and flu season which prevents donors from donating and is more difficult to collect a sufficient amount of blood for the patients we serve. So I am putting a shout out to all of you to please come in and donate during the Holiday's, it truly is the gift of life! Also January is National Volunteer blood Donor Month ! Since the 1970s blood banks have celebrated this tradition by thanking the committed and life saving donors.

Thank you again! For making a difference and please continue to support our life saving efforts here at Northern Ca

Community Blood Bank. In January it is important to rebuild our blood supply, due to the holiday 's and the hussel and bussel of everyone not being able to come in. So I ask again please give the biggest gift of all this season ... give the gift of life... Donate Blood !
