COMMUNITY COMMENT FOR APRIL 27, 2014

This is Phil Arnot for Community Comment on KINS Radio.

I just finished reading some statistics about fortitude and manufacturing. Here they are: *from an unknown author*

During the 3 1/2 years of World War II that started with the Japanese bombing of Pearl Harbor in December, 1941, and ended with the Surrender of Germany and Japan in 1945, the U. S. produced 22 aircraft carriers, 8 battleships, 48 cruisers, 349 destroyers, 420 destroyer escorts, 203 submarines, 34 million tons of merchant ships, 100,000 fighter aircraft, 98,000 bombers, 24,000 transport aircraft, 58,000 training aircraft, 93,000 tanks 257,000 artillery pieces, 105,000 mortars, 3,000,000 machine guns, and 2,500,000 military trucks.

We put 16.1 million men in uniform in the various armed services, invaded Africa, invaded Sicily and Italy, won the battle of the Atlantic, planned and executed D-Day, marched across the Pacific and Europe, developed the atomic bomb and ultimately conquered Japan and Germany.

It's worth noting, that during the almost exact amount of time, the Obama Administration couldn't build a functioning website. *For ObamaCare* (Unknown Author ~~Sheryl Fearrien.~~)

Now from Ronald Reagan
"Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected and handled on for them to do the same or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free: Ronald Reagan"
