Normally I leave these comments for the end of my message, but I'll do them now so I can come up with something else to comment on. I was so sorry to read about Betty Burton's passing. We did Food and Fun here on KINS for quite a while, and we both learned a lot from each other. She also directed the Rhododendron Choir, which I participated in for several years Betty was very knowledgeable in cooking, wines and music, and I will miss her a lot. I was able to teach her some things about meat, which she was happy about, and she always enjoyed a good joke.//I was equally shocked to read about Jimmy Pedrottti's passing. He delivered dairy products and ice cream to the stores I worked in for several years. I had seen him not too long ago, and he looked O.K. to me-his regular smiling, happy self. My condolences to his family.//Lastly, I have to say goodbye to Tom Georgeson who passed away a while back. Tom was a customer of ours at Norris Market, now known as Myrtle Avenue Market, and Stanton's Market, which was Myrtletowne Market untill it's closing. He didn't talk much, but when he did, you had better be listening! So long to all of you-it was good to know ya!//We have all been hearing a lot on the "Devil's Slide", just North of us, and it's terrible condition. I commented on it a while back, and finally got around to writing my Congressman, Jared Huff, who, I'm sure, is totally aware of the situation, and our Senators, Diane Feinstein, and Barbara Boxer. The suggestion was, to handwrite the letters, but my handwriting has gotten so

bad, they would think a five year old wrote it. Maybe they'd be right! As we all know, Highway 101 is a major North-South link in our , and Oregon's economy and well-being, so I urge you all to write to Senators Feinstein and Boxer and Congressman Huffman. Their addresses can be found in the Times-Standard on certain days, and the front section of the little black phone book.* It's hard for me to believe that nothing that I know or have heard of, is being done about such an important highway link. If you don't think there's much traffic on 101, just let there be some kind of blockage on the highway and see how fast the cars, going both ways, pile up! The traffic in Eureka on Broadway and Fourth and Fifth Streets is unbelievable at certain hours of the day- just look at the lineups behind the stoplights at Henderson and Broadway in the mid-afternoon!//Well, this weekend is Memorial Day Weekend Let's not forget our veterans and their survivors and families. Our Humboldt Harmonaires will be singing at Ocean View Cemetery to honor them. *It's a very nice, brief ceremony, so come out and do your part.
