I thought we would have a little fun today and especially for the men that listen to the program. Though the ladies will enjoy it as well.

In a recent article that a good friend of mine sent to me was so comical that I had to pass it on to our wonderful community. The article is entitled quote men are just happier people unquote. Here is the article:

what do you expect from such simple creatures? Your last name stays put, the garage is all yours, wedding plans take care of themselves, chocolate is just another snack and you could never be pregnant.

Car mechanics tell you the truth. Restrooms are not a problem. You don't have to stop and think about which way to turn the nut on the bolt. Wrinkles add character. A wedding dress cost \$5000 but ~~it is a~~ ^{it is a} ~~exceed of~~ rental is only \$100. New shoes don't cut, blister or mangle your feet. Phone conversations are over in 30 seconds flat.

A five day vacation requires only one suitcase. You can open all your own jars. If someone forgets to invite you, he or she can still be your friend. Your underwear is nine dollars for a three pack. Two pairs of shoes are more than enough. You are unable to see wrinkles in your clothes. That same hairstyle lasts for years maybe decades. You only have to shave your face and neck. You could wear shorts no matter how your legs look. You can do your nails with a pocket knife. You can do Christmas shopping for 25 relatives on December 24 in 25 minutes. No wonder men are happier

the article then went on to talk about bathrooms. A man has six items in his bathroom, a toothbrush, toothpaste, shaving cream, razor, a bar of soap and a towel. The average number of items in the typical woman's ~~ba~~ bath room is 337 and a man is not able to identify more than 20 of those items.

A woman has the last word in any argument. Anything a man says after that is just the beginning of a new argument

As to children, a woman knows all about her children. She knows about the dentist appointments, romances, best friends, favorite foods, secret fears and hopes and dreams. A man is vaguely aware of some short people living in the house.

I leave you with a point to ponder: don't you think that a married man should forget his mistakes, after all there is no use ~~in~~ ^{for} people remembering the same thing.
